

Arash Omranpour

Data Scientist

Experience:

- **Freelance Data Scientist** *Jan 2022- Present*
 1. Collected, cleaned, and processed large datasets, ensuring data integrity and quality.
 2. Conducted exploratory data analysis (EDA) and built interactive visualizations using Power BI and Streamlit
 3. Developed machine learning models, optimizing performance through feature engineering and hyperparameter tuning.
 4. Designed deep learning models, including CNNs and RNNs, for complex data tasks.
 5. Deployed models to production environments and developed dashboards for real-time reporting.
 6. Collaborated with clients to deliver data-driven insights, improving decision-making and business outcomes.
- **Teaching Assistant** *Oct 2023- Present*
(Tabari University)
Responsibilities:
 1. Comprehensive Academic Support
 2. Project Management and Timely Delivery
 3. Deep learning Mentorship and Thesis Guidance
 4. Collaborative Research in Data Analysis and Machine Learning
 5. Academic Event Organization and Coordination
 6. Facilitation of Teamwork and Group Projects
Key Achievements:
 1. Successful Deep Learning Thesis Mentorship
 2. Outstanding Project Management in Educational Activities
 3. Significant Contributions to Data Analysis and Machine Learning Research
 4. Leadership and Coordination in Complex Academic Projects
- **Teaching Assistant** *Jan 2020-Jan 2021*
(Mazandaran University of science and technology)
Responsibilities:
 1. Assistance in Algorithm Design and Data Structures Courses
 2. Data Collection, Analysis, and Algorithm Development
 3. Fostering an Inclusive Learning Environment
 4. Creation and Implementation of Educational Resources
Key Achievements:
 1. Exceptional Problem-solving in Data Science Projects
 2. Outstanding Communication and Teamwork skills
 3. Advanced Statistical Analysis and Data Interpretation

Education:

Tabari University

Master's Degree, Software Engineering *Sep 2023-Present*

Mazandaran University of Science and Technology

Bachelor's Degree, Computer Engineering *Sep 2018 – Jan 2022*

Technical Skills:

Data Analysis : Excel ,PowerBI, SQL, Python , Data Wrangling

Deep Learning : Using Tensorflow

Machine Learning : Using Sklearn , Pandas , Numpy , scipy

Transfer Learning

Recommender Systems

Large Language Models : Langchain ,Gemini Api, Hugging face Models,

Retrieval-Augmented Generation (RAG) , Groq , Chroma, FAISS , Multi Agent AI

Streamlit : build Dashboards , Generate Reports

Project management tools: Github , Jira , trello

Soft Skills:

Project Management - Event Planning - Problem Solving – Adaptability - Communication Skills
– Eager to Learn – Punctual – Teamwork – Interpersonal Skills

Languages :

- English – B2 (IELTS academic)
- Persian – Native

Profile :

Email Arashomranpour@gmail.com

LinkedIn [arash-omranpour](https://www.linkedin.com/in/arash-omranpour)

GitHub [Arashomranpour](https://github.com/Arashomranpour)

Certificates :

- Stanford's Supervised Machine Learning
- Stanford's Unsupervised Learning, Recommenders, Reinforcement Learning
- Stanford's Advanced Learning Algorithm
- IBM's Building Generative AI-Powered Applications with Python
- DeepLearning.AI's Neural Network and Deep Learning
- Deep learning.AI's Improving Deep Neural Networks: Hyperparameter Tuning, Regularization and Optimization
- University of London's International Business Environment
- Google's Agile Project management
- IBM's Python for Data Science, AI & Development
- Microsoft's Data Analysis and Visualization with Power BI
- IBM's Excel Essentials for Data Analytics
- University of California's SQL for Data Science
- Google Cloud's Gemini for Data scientist and Analysts
- Python Programming Language
- SQL server 2019
- Web Scraping with Python
- Artificial intelligence mathematics introductory

Availability :

open to work remote

Academic Achievements:

Collaborated with university professors on data analysis and machine learning research

Received 6 recommendation letters from university professors.

Maintained an active GitHub profile showcasing more than 50 data science project samples of my Works
